Dear MSA Channel Partner,

You are receiving this communication because you have recently purchased an MSA V-Gard H1 Safety Helmet.

While the helmet that you purchased has been certified to the CSA Z94.1-2015 standard, MSA has learned that it does not fully comply with the minimum protected area requirement. Please be aware that this does not affect the Type I protective helmet impact area and is classified as a minor non-compliance by our third-party certifying body

While no action is required by end users, we ask that you provide this information to anyone in Canada who purchased an MSA V-Gard H1 Safety Helmet from you.

We appreciate your continued interest in MSA products. Please contact MSA Customer Service at 1-800-672-2222 should you require additional information.

Best Regards,

A handwritten signature in black ink that reads "Mackenzie Peters".
